Drywall Finisher

HALIFAX, NOVA SCOTIA

A group of companies, with a singular purpose. We build community.

The Macklan Group of Companies includes DORA Construction, EASTCUT Wood Building Solutions and SOMERLED Properties. Our combined expertise delivers better solutions for each client and every community we serve. Our passion for making a positive difference in the lives of Atlantic Canadians fuels our commitment to quality, affordable, lasting infrastructure. Our promise to future generations inspires our innovation in Net Zero, carbon-neutral designs.

The bedrock of our success is our deeply held values. We aim for excellence, continuously learning and growing. We act with integrity and accountability, building an environment of trust. We treat others as we want to be treated, supporting the well-being of our people and empowering safe, diverse, and inclusive teams.

Manufacturing

EASTCUT is leading an innovation revolution. We are harnessing the latest in offsite construction and manufacturing practices to produce energy efficient, eco-friendly building components and modular structures. We build high-quality, beautifully designed community infrastructure that delivers positive community impacts, *faster*.

Construction

DORA builds solid. From large commercial and residential projects to meticulous restorations, our 20-year track record as one of Atlantic Canada's top builders speaks for itself. We embrace innovative building technologies; project management excellence and client relationship focus so that every project contributes to stronger communities.

Development

SOMERLED houses our real estate, leasing and pre-construction capabilities. With a diverse portfolio of real estate assets, we focus on developing multi-residential communities, commercial properties, and managing long-term lease arrangements. Our deep expertise in preconstruction and planning contributes to smooth project operations across Macklan, from concept to completion.
